ACEN and CCNE and Alabama Board of Nursing Standards Crosswalk

ACEN (2017) STANDARD 1: MISSION AND ADMINISTRATIVE CAPACITY

The mission of the nursing education unit reflects the governing organization's core values and is congruent with its mission/goals. The governing organization and program have administrative capacity resulting in effective delivery of the nursing program and achievement of identified program outcomes.

STANDARD 1: MISSION AND ADMINISTRATIVE CAPACITY (continued)

Baccalaureate & higher degree pre-licensure programs - The nursing education unit is administered by a doctorally prepared nurse Associate degree nursing program - The nursing education unit is administered by a nurse who holds a graduate degree with a major in nursing Practical nursing program - The nursing education unit is administered by a nurse who holds a graduate degree with a major in nursing; rationale is provided for the acceptance of other graduate credentials

STANDARD 2: FACULTY AND STAFF

Qualified and credentialed faculty are sufficient in number to ensure the achievement of the end-of-program student learning outcomes and program outcomes. Sufficient and qualified staff are available to support the nursing program.

CCNE (2018) Standard I

Program Quality: Mission and Governance

The mission, goals, and expected program outcomes are congruent with those of the parent institution, reflect professional nursing standards and guidelines, and consider the needs and expectations of the community of interest. Policies of the parent institution and nursing program clearly support the program's mission, goals, and expected outcomes. The faculty and students of the program are involved in the governance of the program and in the ongoing efforts to improve program quality.

Standard II

Program Quality": Institutional Commitment and Resources.

The parent institution demonstrates ongoing commitment to and support for the nursing program. The institution makes resources available to enable the program to achieve its mission, goals, and expected outcomes. The faculty and staff, as resources of the program, enable the achievement of the mission, goals, and expected program outcomes.

II-D. The chief nurse administrator of the nursing unit:

- is a registered nurse (RN);
- holds a graduate degree in nursing;
- holds a doctoral degree if the nursing unit offers a graduate program in nursing;
- is vested with the administrative authority to accomplish the mission, goals, and expected program outcomes; and

ABN Rules (2016)

Chapter 610-X-3 – Nursing Education Programs 610-X-3-.02 Standards for Approval 610-X-3-.02 (1)(2)

The program must be accredited by a national nursing accrediting agency recognized by the U.S. Department of Education by the later of January 1, 2022 or within five (5) years of Approval by the Board.

The governing institution, nursing program administrator, and nursing faculty are accountable for the standards, processes, and outcomes of the nursing education program.

Chapter 610-X-3 Nursing Education Programs 610-X-3-.02 Standards for Approval 610-X-3-.02 (7)(a....c)

A nursing education program shall be administered by a qualified program administrator who is accountable for the planning, implementation, and evaluation of the program. Minimum qualifications of a nursing program administrator shall include:

- · An active unencumbered Alabama registered nursing license.
- · An earned graduate degree in nursing.
- · Be academically and experientially qualified to administer a nursing program.

610-X-3-.02 (8) (a...c)

The governing institution and nursing program administrator shall provide sufficient numbers of qualified faculty to ensure that curriculum implementation and expected program outcomes are achieved and aligned with national nursing accrediting standards. Minimum qualifications of nurse faculty shall include:

Baccalaureate, Associate and PN – FT and PT faculty hold educational qualifications and experience as required by the governing organization, the state, and the governing organization's accrediting agency, and are qualified to teach the assigned nursing courses	 provides effective leadership to the nursing unit in achieving its mission, goals, and expected program outcomes. II-E. Faculty are: sufficient in number to accomplish the mission, goals, and expected program outcomes; academically prepared for the areas in which they teach; and experientially prepared for the areas in which they teach II-F. Preceptors (e.g., mentors, guides, coaches), if used by the program as an extension of faculty, are academically and experientially qualified for their role. 	 An active unencumbered Alabama registered nurse license. An earned graduate degree in nursing or a related health field. Be academically and experientially qualified to teach in the area assigned.
STANDARD 3: STUDENTS Student policies and services support the achievement of the end-of-program student learning outcomes and program outcomes of the nursing program.	Relates to STANDARD I Program Quality: Mission and Governance [student policies], and STANDARD II Program Quality: Institutional Commitment and Resources [academic support services].	Chapter 610-X-3 Nursing Education Programs 610-X-302 Standards for Approval 610-X-302 (9) (ac) Institutional and program policies and procedures shall: □ Be written, published and publicly available □ Address students' ability to assume clinical assignments including, but not limited to, educational preparedness and physical, mental and emotional behaviors □ Provide opportunities for students to regularly participate in the development, evaluation and continuous improvement of the program.
STANDARD 4: CURRICULUM The curriculum supports the achievement of the end-of-program student learning outcomes and program outcomes and is consistent with safe practice in contemporary healthcare environments. Consistent with contemporary practice, the curriculum incorporates established professional nursing standards, guidelines, and competencies, and has clearly	Standard III Program Quality: Curriculum and Teaching-Learning Practices The curriculum is developed in accordance with the program's mission, goals, and expected student outcomes. The curriculum reflects professional nursing standards and guidelines and the needs and expectations of the community of interest. Teaching-learning practices are congruent with expected student outcomes. The	Chapter 610-X-3 Nursing Education Programs 610-X-302 Standards for Approval 610-X-302 (11)(ad) The curriculum of a nursing education program shall: □ Enable the student to develop the knowledge, skills, and abilities necessary for the level, scope, and standards of competent nursing practice expected at the level of licensure.
